The Kansas Farmer, published at Topeka, has been enlarged to a 20-page 80-column paper, and reduced in price to one dollar a year. It ranks among the best agricultural papers in the country and for kansas farmers it is the best because it is made up specially for them. It is now twenty-four years old, is conducted by practical farmers, and published wholly in the interest of agriculture in the broadest sense of the word. The Farmer publishes full crop, stock and weather reports of the entire State seven times a year. It also publishes, weekly a list of all the estray animals taken up in any part of the State. We have arrangments whereby we can offer the REGISTER and the Kansas Farmer, both papers one year for \$2.30. This is an opportunity to get two needed papers for a very small outlay. mall outlay.
